GRAND JURY NOT READY TO REPORT

Was to Adjourn This Afternoon Un-
til Next Week When Final Ac-
tion Will be Taken.

SEVERAL CASES ARE PROBED

Ralph Gard Testified For Several
Hours—One Divorce Suit Heard
by Court.

The grand jury was to adjourn late this afternoon until some time next week, the exact date not having been determined at noon today. No indictments were to be returned this afternoon and if any are to be returned it will likely be done before the final adjournment next week.

After one day's rest the grand jury got off to an early start this morning. Ralph Gard, a young man living in the northwestern part of the city, was the only witness examined this morning. He was before the grand jury for a long time. Gard evaded the service of a grand jury summons for several days. Everytime the sheriff got close to his home Gard would skip out. He was finally found one day this week hiding in his own home and after reading the summons to him Deputy Sheriff Sullivan gave him a copy of the summons for good measure.

The nature of the case on which Gard testified is not known. Mrs. D. D. Dragoo acted as stenographer for the grand jury today in the absence of Miss Nancy Hogsett, who was engaged in the circuit court.

It is believed that the grand jury was investigating some of the dealings of A. P. Walker, formerly of this county. Mr. and Mrs. William Sullivan of Indianapolis appeared before the grand jury. It is known that these two people were the witnesses for Walker in his suit against the Rushville Glove Company, and who failed to put in an appearance when the case was called at Newcastle some time ago. When this particular case was called for trial Walker dismissed the suit because Mr. and Mrs. Sullivan were not there to testify.

A. B. Irvin has also been before the grand jury. The exact nature of the case under investigation is not known.

There was nothing of importance in the circuit court. Judge Sparks heard the divorce suit of Grace Casey against William C. Casey and took it under advisement.

HORSE DRIVER CONVICTED

Miss May Simpson Who Raced Here,
Fined for Stealing Chickens.

Miss May Simpson, professional horse trainer of Anderson, who drove horses in races at the Rush county fair two years in succession, has been fined one dollar and costs and sentenced to thirty days in the correctional department of the women's prison at Indianapolis. The prison sentence was suspended. Frank Miles, a boarder at the Simpson home, was convicted of complicity in the theft and was fined five dollars and costs and sentenced to the state penal farm for sixty days. It was alleged Miss Simpson stole eight chickens from a farm near Anderson.

The Haymakers will hold their annual Thanksgiving dinner at the Red Men's building this evening. The dinner will be for all Red Men and Pocahontas and their family.

SERBIANS ARE STARVING

Men, Women And Children Die in
Road While in Flight

(By United Press.)
Monastir, Serbia, Nov. 23.—(de-
layed) Serbia is starving. Men, wo-
men and children and animals flee-
ing before the advance of hostile
armies are dying of hunger by the
roadsides and mountain passes.

In the large areas of this country
there has been no food for many
days. Packs of dogs prowl the
breadless land like wolves searching

CHRISTIAN REVIVAL TO CLOSE TONIGHT

Evangelist J. H. O. Smith and Sin-
ger Will go to Brookville to
Start Meeting Sunday.

76 ADDITIONS UP TO DATE

The revival which has been in progress at the Main Street Christian church for three weeks will close with the meeting tonight. There were three more additions Thursday night, which makes the total thus far seventy-six. Thirteen were baptized last night.

Although Thursday a holiday, services were held just the same last night and the crowd was reported to be up to the usual size. The last service will open tonight at seven-thirty o'clock.

The protracted meeting is num-
bered among the most successful
ever held here. The evangelist, the
Rev. J. H. O. Smith, extended the
first invitation at the very opening
of the meeting and there has been
only one night when someone has
not gone forward. The Rev. Mr.
Smith and his evangelistic singer,
the Rev. H. H. Saunders, will go to
Brookville Saturday and will start
a revival at the Christian church
there Sunday.

ENCOURAGEMENT NOT EXPECTED

Women Peace Advocates Will Have
To Have More Evidence to Pro-
cure President's Aid.

HE KNOWS THE CONDITIONS

Washington, Nov. 26.—Unless the
representatives of the Women's
Peace party, who will call on Presi-
dent Wilson late today, present new
evidence in their pleas for a peace
conference, there is every indica-
tion they will receive no encourage-
ment.

It is learned the president does
not feel the right solution of the war
problem has yet been offered. Friends
of the administration close to him
say that he is keeping in immedi-
ate touch with every European
development, is more familiar with
the situation abroad than any of
those who are urging him to act at
this time. It was also stated that
president will not send a personal
representative on Henry Ford's
peace ship.

Secretary Lansing said today,
however, the peace ship plan was
not in any way embarrassing to this
government in its foreign relations.

The election of officers of the
Modern Woodmen will be held next
Thursday night.

ISAAC HILL DIES AT CARTHAGE

One of Oldest Men in County, Na-
tive of Ripley Township, Ex-
pires at Age of 89 Years.

WORKED ON OLD RAILROAD

Recently Mr. and Mrs. Hill Celebra-
ted Sixtieth Wedding Anniver-
sary—Funeral Saturday.

Isaac Hill, 89 years old, a well
known resident of Ripley township,
died at his home in Carthage Thurs-
day afternoon at three o'clock, af-
ter a long illness from a complica-
tion of diseases and senility. Mr.
Hill had been in failing health for
several years and for the past
month had been in a serious condi-
tion. His death was not unexpected.

Mr. Hill was a native of Ripley
township, having been born there on
June 20, 1826. He was a son of the
late Jesse and Mabel Hill, who
were natives of North Carolina,
and who came to Indiana, locating
in Wayne county. In 1826 Mr. Hill's
parents located in Rush county and
were among the first settlers in Rip-
ley township.

Isaac Hill spent most of his life
on the farm, but when the Shelby-
ville and Knightstown railway was
under construction he was employed
as a teamster and when the railway
was completed, Mr. Hill was em-
ployed as a brakeman. The rail-
way has long since been abandoned.

He was married October 14, 1855
to Elizabeth Winslow. Mr. and
Mrs. Hill recently celebrated their
sixtieth wedding anniversary. For
many years he engaged in the
manufacturing of pumps and
through this industry became known
throughout the county. In this
business Mr. Hill had as a partner
William Bundy. Mr. Hill retired
from active business many years
ago and moved to Carthage where
he had since lived.

He was a member of the Friends's
church. In politics Mr. Hill was a
Republican although he never as-
pired to office. At one time he was
elected road superintendent and
served until that office was abol-
ished.

Mr. Hill is survived by his widow
and one daughter, Mrs. W. J. Por-
ter of Connorsville. Mr. and Mrs.
Hill were the parents of four chil-
dren, three of whom have died. He is
also survived by three grandchild-
ren, Mrs. Clarence Cross of this
city, Mrs. Herschel Hawk of Cin-
cinnati and Jesse Vance of Los An-
geles, Cal.

The funeral services will be con-
ducted Saturday afternoon at two
o'clock in the Friend's church and
burial will take place in Riverside
cemetery, Carthage.

BUYS LARGE LAND TRACT.

Dick Wilson, prominent race
horse trainer and driver, has aban-
doned the track and will devote his
time to raising stock. He has pur-
chased 500 acres of land near
Jackson, Miss., and will farm it. He
says that the crops raised there are
very similar to Rush county crops
and that cattle raising is coming to
be one of the principal industries.

GORITZ CAPTURED?

(By United Press.)
London, Nov. 26.—That the Ita-
lians have captured Goritz, as re-
ported in Milan advices to the Daily
Telegraph, lacked confirmation to-
day. The city's Austrian defenses
were desperately pressed at latest
accounts.

For several days past its fall has
been considered only a question of
time.

THOUGHTS TURN TO CHRISTMAS

With Biggest Holiday of Year Only
Month Away Point to Prepa-
rations For Event.

STORES BEGIN TO SHOW GIFTS

No Democratic Put up Until After
Thanksgiving, But Now They
Will Put in Appearance.

Now that Thanksgiving has pass-
ed, thoughts naturally turn to
Christmas, not only in the homes of
Rush county people, but in the busi-
ness houses as well.

A trip through the business dis-
trict, a glance into the show rooms,
is all that is necessary to convince
one that Christmas preparations, in-
deed, already are well advanced.

Before Thanksgiving has passed
and with a solid month before them,
the merchants have decorated their
stores, placed the Christmas articles
upon their counters and in their
show cases, and made ready. And
reports from a majority of the
downtown stores are to the effect
that the Christmas buying already
has been heavy.

Decorations so far are incom-
plete. Decorators have hesitated to
place the great red and green color
schemes in the stores until the
Thanksgiving season had passed.

Stores already have placed the
greater part of the Christmas mer-
chandise on display. Clothing mer-
chants are featuring the Christmas
suits, dry goods stores are featuring
articles which will be appropriate
as Christmas gifts; the toys are at-
tracting throngs of children and
grown-ups despite the fact that the
time for their presentation is still a
month in the future.

While Rushville merchants have
prepared for the advent of the
Christmas season several weeks in
advance of the season's coming,
nevertheless there seldom has been
such an extensive preparation so
much in advance. The cause is the
slogan which has been adopted in the
largest cities of the country and
which has been followed out, to a
greater or less extent in Rushville
in the last few years—SHOP EARLY.

STATE DEPARTMENT REQUEST

(By United Press.)
New York, Nov. 26.—That certain
evidence regarding Captain Boy-Ed,
German naval attache, will not be in-
troduced in the trial of four Ham-
burg-American officials for illegally
furnishing supplies to German com-
merce raiders because of the atti-
tude of the state department was
hinted today.

The state department is reported
to have informed United States At-
torney Marshall that Boy-Ed was
acting within his rights in distribut-
ing certain funds. It has been sug-
gested to Marshall that the state
department will be displeased if Boy-
Ed's name is again given prominence
in the trial.

(By United Press.)
Vincennes, Ind., Nov. 26.—When
Edward Shuck's auto turned here
today on the Bridgeport road the
windshield pinned him to the ground,
breaking his neck and one of his
legs. Harrison Johnson, who was
driving, was pinned under the car
two hours until passersby relieved
him. Johnson's arm was broken.

VILLISTA TROOPS CROSS U.S. BORDER

Fire Upon Soldiers, Insult Consular
Agent and Five Invaders Pay
Penalty of Death.

NO AMERICAN CASUALTIES

(By United Press.)
Washington, Nov. 26.—In a series
of attacks on American soldiers at
Nogales, American soil was invaded
by Villa soldiers, American troops
fired upon by 500 Villistas and an
American consular office insulted
yesterday, according to a dispatch
to the war department from General
Funston. Large reinforcements of
American troops are today being
rushed to Nogales.

No American casualties in the
fighting were reported. The known
Mexican dead were five. Villista
Colonel Terrazas with thirty men
crossed the boundary at Nogales,
yelled at and cursed Vice-Consul
Simpich, and Collector of Customs
Hardy, brandishing pistols.

"Why were not shot, I do not
know," said General Funston, "un-
less from the suddenness of the at-
tack and the fact no responsible of-
ficer was on the spot."

Funston said Villista Governor
Randall later apologized to Colonel
Sage.

THIRTEEN DEAD IN ARKANSAS STORM

Six Are Seriously Perhaps Fatally
Hurt Are \$300,000 Worth of
Damage Done.

HOT SPRINGS ESCAPES IT

(By United Press.)
Hot Springs, Ark., Nov. 26.—
Thirteen known dead, six seriously
and perhaps fatally injured and
thirty to forty badly hurt was the
known toll today of the tornado
which swept this vicinity yesterday.

It is estimated at least \$300,000
worth of property was damaged in a
quarter-mile square. Hot Springs
was not touched but the blow came
so close it was not until late this
afternoon that wire communications
with outside points was established.
Rescue parties were organized in
Hot Springs as soon as word of the
damage reached here and the expe-
ditions worked throughout the night
in a terrific rain.

All members of two families by
name of Crowder and Tanner were
either killed or injured, when their
homes were demolished.

Great apprehension was felt here
today for the safety of towns near
Hot Springs.

READY FOR PEACE SAYS HENRY FORD

Idle Boast, Financier Declares.

(By United Press.)
Washington, Nov. 26.—Signed
statements from officials high up in
government circles of both the al-
lies and central powers declaring
that they are ready for peace, are
in the hands of Henry Ford, Detroit
financier and pacifist, he announced
this afternoon.

"Folks who say our plan is fool-
hardy have the greatest surprise of
their lives," said Ford. "There is
both material and other evidence
that we will succeed in getting the
men out of the trenches by Christ-
mas. This has become our slogan
and I can say most seriously that
it is not an empty boast."

Arriving here from New York,
Ford said he plans to telegraph ev-
ery university in the country ask-
ing the presidents and students to
enlist in the peace movement.

MANY MEXICANS KILLED

Intoxicated Villistas Fire Across
Border into Nogales.

(By United Press.)
Nogales, Ari., Nov. 26.—Many
Mexican soldiers were killed when
members of the Twelfth United
States infantry returned their fire
here today.

There were no wounded on the
American side. The Villista sol-
diers were intoxicated. They started
firing across the borders into
Arizona. The United States troops
returned the fire, killing many and
clearing the streets.

The shooting was incidental to
the evacuation by Villista troops
of Nogales, Sonora.

Dead Money — A Talk to Store- keepers

Every article you have on
your shelves which does not sell
represents dead money.

It is not earning anything. It
is taking up room.

It is growing less in value as
it gets older.

It does not sell because people
do not want it. It may be a
good article but they do not
know it or believe in it.

People DO KNOW about
the goods being advertised in
their newspapers.

If these are good goods they
will want them.

It pays the retailer to co-op-

THE MOST DISTRESSING SIGHT IN THE WORLD

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you knew how warm one of my storm buggies would keep you, how well they are made, now nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter, SO DO IT NOW.

MERCHANT IS PLEASED WITH QUICK RESULT

Cincinnati Business Man Praises Merit of Tanlac.

Cincinnati, O., Nov. 25.—Charles C. Becker, a well-known clothing merchant of 17 East Sixth street, who lives at 2863 Winslow avenue, who is known to his friends and business associates as a man of unquestioned honesty and integrity, was among several Cincinnatians to endorse Tanlac, the "Master Medicine," that is accomplishing such excellent results here. Mr. Becker said:

"It gives me great pleasure to recommend Tanlac, as I have found it quite beneficial in my case. I used the medicine for rheumatism and stomach trouble. It helped me as no other medicine ever did."

L. T. Cooper, the Tanlac man, who is introducing Tanlac in this city, said:

"Tanlac is especially valuable in catarrhal affections of the mucous membranes, which I consider the foundation of most ailments and diseases."

Tanlac, the Master Medicine, is now sold in Rushville at F. E. Wolcott's Drug Store.

Amusements

The Princess will show a three reel drama "The Man Servant" for the program tonight. Jack Henderson is featured and it is said to be an unusual modern drama. A young millionaire attempts to study life from the servant's standpoint and obtains a position as a valet. It is an interesting story dealing with an interesting and novel subject. Tomorrow night the two act drama "The Rehearsal" will be shown. Vera Sisson and Madge Kirby are featured.

The Gem offers a three reel feature, "Her Three Mothers" for the program tonight. Agnes Vernon is featured and the picture tells a pathetic story of a girl who is made a drudge by her step-mother, but who finally leaves home and by the terms of an uncle's will comes into a fortune and final happiness. Tomorrow night the four reel feature "The Wolf of Debt" will be shown. Violet Mesereau and William Garwood are featured.

When the Oriental danse artiste, Ruth St. Denis, appears at the Murat theater, Indianapolis, for three days' engagement, including a popular Wednesday matinee, starting Monday night, Nov. 29th, bringing with her practically an entire new company of solo dancers, Grecian ensemble and native Hindoo assistants, she will present a complete new repertoire of dance plays and divertissements, including Oriental, classic and the latest modern dances created by her and her dancing

partner, Ted Shawn, who is again featured with her and her productions.

Some of the most important of the new dance productions this season are "The Nature Series," a group of beautiful classic dances produced before a white cyclorama adopted from the stage creations of portuna, by which the scenic effects are produced with the vari-colored lights thrown upon a pure white background. Another series of dances are the South Sea Island numbers, including the Samoan dances, the Sea Spirit, the Hawaiian Hesitation and the Houla Ballet.

Miss St. Denis has for her "piece de resistance," a new Oriental dance production, "The Garden of Kama," arranged from the Indian lyrics of Lawrence Hope's poems. This production requires the service of the entire company, in which are introduced the Nautch Dancing Girls of India, native musicians and fakirs. This production is staged with complete special scenery and gorgeous costuming of kaleidoscopic coloring found only East of the Suez.

An important feature of the program is the series of modern dances, all of which are original creations of Miss St. Denis and Mr. Shawn. They include the Sea Gull Waltz, The Shawn Step, The Tokio Trot, The Canton Canter, The Base Ball Dance, The St. Denis Mazurka, Le Rouli Rouli, The Balancecello and

others.

Seats for this attraction can be purchased through the Shubert Murat local representative, Hargrove & Mullin, druggists.

RED MEN AT GREENFIELD.

Ten Red Men from here went to Greenfield Thursday night for a regular meeting of the lodge there. In the party were Miles S. Cox, Tom Evans, Sylvester Kirkpatrick, Verne Moore, John Wolters, Albert Sweet, Clarence Owens, Lewis Black, Errol J. Stoops, and Harry Newhouse. Light refreshments were served after the lodge work. The local party went in automobiles. The great sachem, of Indiana, Frank McConahay, was present.

One Means That's Certain
There's one means that is sure to prevent the United States being made a dumping ground for European products—a protective tariff. This slogan was brought out effectively in a recent speech in New York by William S. Bennett, elected congressman last election by a majority of 700 in a New York district that formerly gave the Democratic candidate a majority of 6,000 in a straightout anti-Wilson and anti-administration fight.
Mr. Bennett pointed to the efficiency of European military organization, and warned his hearers that once that efficiency is directed toward manufacturing articles to compete in our markets, it would not be possible to keep open our factories with the wage difference that now exists. He called attention to the fact that a commission from France has just arrived in New York to purchase from the United States

machinery costing nearly two hundred million dollars. This machinery will be of the most modern type, and used as soon as the war is over to manufacture goods in competition with our home manufacturers.

Mr. Bennet referred to the wonderful ability shown by some of the countries now at war to supply their own needs under the most difficult circumstances and said that just as soon as the war ends the same ingenuity will be directed toward supplying the needs of consumers in the United States.
"Democratic orators used to tell us that a Democratic tariff would not disturb business; but it did," said Mr. Bennet. "The war regrettable as it is, was the salvation of American industry. Even with imports greatly impeded by the war, our manufacturing industries were so seriously interfered with in this city last winter that 400,000 people were out of work. The election was in part a protest against unemployment."

"But it will be said that conditions are improving. Of course, the war is a pro tempore protective tariff of a makeshift kind, and in addition we have this new trade in munitions of war. Whatever may be our opinion of its ethics we cannot deny that it is bringing money into this country. But when the war ceases and we lose instantly both our substitute for an adequate tariff and our munitions trade, what then?"
"Nor is this all. The manufacturing enterprises of Europe generally have not been destroyed. They have been curtailed, suspended, changed and largely brought under governmental control, which will mean such regulation that foreign markets can be invaded successfully. Ten million men will leave the trenches when this war closes. Will they be turned loose to be slowly absorbed without plan or provisions into industry? By no means. No government would dare try such an experiment."

"On the contrary, each government will, in the beginning at least, assign these soldier-workmen to industrial tasks. Wages? These men are soldiers! The governments control the industries. Until industries are reestablished the men and their families will continue to be supported as they are now being supported. We shall face, therefore, not the product of European cheap labor, and our country, unscathed by war, is the market to which their goods must come. Against the wholesale dumping on our market of this flood of the most cheaply-produced foreign goods ever made, we must have protection or the employees of our own competing factories will walk the streets."
"I am for preparedness, but even more than preparedness for war, we need preparedness for peace. That preparedness we can attain only through a protective tariff and, scientifically, only through a tariff commission. I propose, at once, to advocate both."

MORE WORRIES FOR GRAY.
(Richmond Palladium.)
Troubles are piling up fast for Congressman Gray. Not so long ago he was unalterably opposed to increased appropriations for the army and navy. But public opinion in the Sixth district forced a reversal of judgment on that point, and now he is upholding President Wilson's policy of preparedness.
Then came the motorization of the rural routes in Wayne county, and the consequent ousting of all Republican carriers to give place to Democrats—a step that aroused protest throughout the county. The execution of the order has been delayed several times, the last word being that it would not go into effect until after the Christmas rush. Gray has been blamed for the motorization order.
Then came a poll by a Chicago newspaper in which every senator and representative was asked point blank if he favored Wilson's attitude toward Germany and toward the Allies in the recent diplomatic tangles. Gray refused to commit himself and his vote was so recorded.
Then a voters' league investigated how congressmen voted on gag rules in the House, and showed where Gray stood.
Now comes Mrs. N. C. Barnard, chairman of the Sixth District Wo-

man's Franchise League, with the announcement that she will camp on Gray's trail until he supports the bill giving woman the right to vote by an amendment to the federal constitution.

Verily, the path of a congressman is beset with thorns and strewn with glass and tacks.

HOOSIER HISTORY

Prepared for the United Press by the Centennial department of the Indiana Historical Commission.

EARLY ENLISTMENTS

Governor Morton's trouble in the early weeks of the war was not in getting men to enlist but in getting his regiments accepted by the federal government. With clean vision, Morton saw what the war would mean—that the first call for troops was altogether inadequate. Accordingly, in spite of the fact that Indiana's quota was four regiments, Morton organized many more and kept urging them, unsuccessfully, upon the government. But after Bull Run he had no further trouble. By the first of 1862, Indiana had contributed 48 regiments of infantry 12 of cavalry and 17 batteries—in all 53,035 men.

TO APPLY COURSES TO EVERYDAY LIFE

Science And Mathematics Teachers Will Discuss This Subject at Convention

ORGANIZATION IS NEEDED

(By United Press.)
Chicago, Nov. 26.—Suggestion of making courses in science and mathematics of more direct benefit in real life, was the principal topic at today's opening session of the 15th annual convention of the Central Association of Science and Mathematics Teachers.

"This meeting," said H. E. Cobb of Lewis Institute, Chicago, "emphasizes the importance of organizing courses in science and economic value to pupils, making the work of the school part of the real life of the child and making more definite and more numerous points of contact between the home life and the school life of the pupil. By establishing two new sections, agriculture and home economics, the association recognizes the necessity of introducing vocational courses and the application of vocational guidance."

FIGHTS DISEASE IN CHINESE EMPIRE

Rupert H. Stanley, Former Carthage Boy, Sends Circulars Describing Battle in Orient.

IS SECRETARY OF Y. M. C. A.

Rupert H. Stanley, a Carthage boy, who recently was the Secretary of the Y. M. C. A. of Tientsin, China, sends a few circulars on the ravages of tuberculosis in China, and the methods used in giving out information for the prevention of the disease, says the Carthage Citizen. He also includes Chinese charts, with a typewritten translation of same, by M. S. Chen, Tientsin.

The circulars have illustrated borders and eighty thousand of these were distributed in Tientsin homes by school boys. In China more than a million people annually become tuberculosis victims.

Mr. and Mrs. Stanley and little son, Rupert McCorkle Stanley, left Tientsin over 2 months ago for residence in Kai Feng Fu, Honan Province, China, where Mr. Stanley is now Secretary of the Y. M. C. A. at that place. Mr. and Mrs. Stanley left Carthage on October 31, 1912, for a five years' stay in China.

BANKERS PLAN NEW STANDARD

American Manufacturers Would Save Much Money by Making The Dollar Universal

THE VALUE OF POUND VARIES

Would Have Tendency to Stabilize

The Market—Expert Explains The Plan

(U. P. Staff Correspondent.)
New York, Nov. 24.—How a great deal of money will be saved to American manufacturers if victory crowns the newly begun battle of American bankers to make the American dollar, instead of the British pound sterling, the financial standard for world trade, was explained to the United Press today by Max May, foreign exchange expert and vice-president of the Guaranty Trust company.

Since time out of mind the pound sterling has been the world's exchange market standard. This was because Great Britain was considered a financial Gibraltar. Britain's varying war fortunes have unsettled the pound sterling, however, and it has been wobbling up and down in value almost every day. In other words, a pound's worth of American goods today may not be a pound's worth of American goods tomorrow.

If the exchange market were stable," said Mr. May, "American exporters would be able to protect themselves by knowing what prices to quote on their products."

"As it is, if a cotton man in the south sells a million dollars worth of his product to an English firm, on 90 days' credit, he quotes a price based on the prevailing exchange rate. If the exchange rate has slumped by the time he ships his goods, the cotton man loses money. The seller takes a big gambling chance. The buyer does not. If payment were based on American dollars that would not occur. We are trying to make all foreign buyers, governments included, pay in American dollars."

"Plans now being formulated by American bankers to stabilize foreign exchange may accomplish this result," said he. "The huge volume of exports are working toward that end also. The scheme under consideration should make it a fact."

"Naturally, foreign buyers are not anxious to do this. Sterling has been the financial criterion in world trade for so many years it is a hard task to get them to consider it."

"Payment in dollars for exported goods from this country would stabilize the exchange market and that, I think every banker will agree, is the most important question to be settled in international banking affairs today."

"Sterling would better be around \$4.65, or some nominal figure like that, at all times, than to be constantly fluctuating as it has been doing these last few months."

"In brief," concluded the exchange expert, "American exporters want the foreign buyers to assume the risk that American exporters now have to assume."

THIS SEASON A MOST WEIRD ONE

Small Colleges Turned on Big Ones
With Vengeance That Makes Well
Known Worm Look Cheap.

TIME TO BURY ANNUAL JOKE

All-American Team Would Not Only
be Impossible But Ludicrous—
All Dope Upset.

(By United Press.)

New York, 26.—The football season of 1915, which was officially interred this week, will go down in gridiron history as the most weird ever foisted on a gasping public. Small colleges, from time immemorial and lawful meat of the Big Ones in the collegiate world, turned with a vengeance that makes the well known worm look like the Rock of Gibraltar.

With the exception of Cornell and Pittsburgh, by now acknowledged peers of the Eastern division, not

an Eastern team went through the season with a clean record. Starting with the Yale defeat by Virginia on October 2, the season was one long-drawn out and of unexpected upsets.

W. and J. followed the Southerners and took a slap at the Blue. Then came Colgate with the same tale, and lastly little Brown, which had been licked by Syracuse and tied by Trinity, took a parting kick at the bewildered Bulldog.

Cornell loped into Cambridge and went out with the scalp of Percy Haughton—the first time a Harvard team had been defeated in three years, Princeton, with the best Tiger eleven of a decade, was defeated four times by the Yale aggregation.

Th Army and Navy passed into the second division of football institutions by being licked by numerous small colleges. Lafayette came along and whipped Pennsylvania.

Out in the west, old Fielding H. Yost has completed the most disastrous year of his long connection with the Wolverine institution. Michigan's Aggies, Syracuse, Cornell—all took a whack at the heretofore feared Yost machine.

In view of these events, football fanatics from Coast to Coast are waiting for the annual pun—an All-American eleven—with more than usual curiosity. The Michigan Aggies defeated Michigan. The Aggies were in turn licked by the Oregon Aggies, and they in their turn were whipped by Washington State.

Just how the experts, and particularly Walter Yale Camp, are going to select an eleven which represents America, is pretty hard to see. One man, or a dozen men, could not in a season view all the college teams in these United States. Washington State, the Oregon Aggies and the Michigan Aggies certainly are to be considered.

The year has been the most weird in history. It's possible to pick an all-Eastern team, an All-Conference team in the middle west, and an all-Western team for the coast contenders, but an all-American team is not only impossible but ludicrous. And this year wouldn't be a bad one to witness the burial of this annual joke.

Run up Score of 32 to 6.

MARION CLUB HERE SUNDAY

Rushville defeated a team composed of players from Gwynneville, Morristown and New Palestine yesterday afternoon by a score of 32 to 6. The Gwynneville team played good ball the first half of contest, but weakened in the final periods. The visitors were the first to score. Early in the first period Gwynneville succeeded in blocking a punt and recovering the ball on Rushville's five yard line. A forward pass then gave them a touchdown.

Rushville scored in second period and the first half ended 6 to 6. A series of passes and an intercepted pass by Mattox gave the locals a touchdown early in the third quarter and then Rushville had everything its own way. Rushville played a large number of subs in the last half in order to save the regulars for the big game Sunday with the Marion club. The game yesterday was slowed considerably by the tedious formations used by Gwynneville.

CARTHAGE HIGH WINS AGAIN

Defeats Hagerstown Making Fifth
Victory This Season.

The Carthage high school basketball team, known as the Tigers, defeated the Hagerstown high school quintet at Carthage Wednesday night, 29 to 28. The game was a thriller all the way through, on a number of occasions the score being tied. The game had to be stopped on account of roughness. Dyer, the Carthage captain, was out of the game on account of sickness. Carthage used two substitutes, one in each half. The first half ended 13 to 10 in favor of Hagerstown, indicating how Carthage came from behind and won in the last half. Carthage had a game with Liberty tonight but the latter cancelled. Carthage has won five games this season and lost one.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back
hurts or Bladder bothers—Meat
forms uric acid.

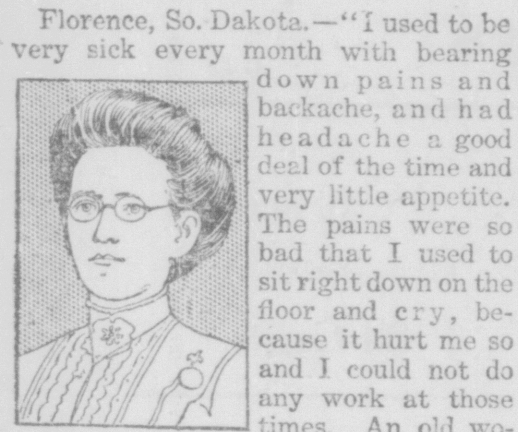

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and headache, and had a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Box 8, Alyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TO SPEND BIG SUM FOR EQUIPMENT

C. I. & W. Will Also Take Over Local Division of the C. H. & D. and Operate it as Independent Road.

BOND ISSUE OF \$3,500,000

This Sum Will Supply New Equipment, Old Bond Issue of \$8,000,000 Having Been Retired.

Cincinnati, Indianapolis & Western railroad will spend more than \$2,000,000 for equipment and repairs according to an announcement made by B. A. Worthington, president of the road, who has just established his headquarters in Indianapolis. The company will shortly take over and operate the local division of the Cincinnati, Hamilton & Dayton as an independent road.

About \$3,500,000 in bonds has been issued by the new company in the reorganization plans which followed the receivership action and the sale of the road by the federal court. The money for the new equipment will be supplied by this bond issue. This will be the only bonded indebtedness of the company, as the old issue, amounting to nearly \$8,000,000, was retired by the reorganization committee.

The proposed new equipment includes locomotives and freight and passenger cars. New bridges also will be built. The operation of the road under the new head is expected to begin about December 1. The list of equipment announced by President Worthington follows:

Eight Mikado engines, ten consolidation through freight engines, eight switch engines, six large passenger engines and ten local freight engines; freight cars—fifty stock cars, 200 gondolas, fifty hopper cars eight flatcars, 350 boxcars and twenty cabooses; passenger cars—three steel postal cars, nine steel baggage cars, fifteen steel coaches, one steel dining car, one cafe car, one business car and one motor car; new wrecking crane and new American ditcher.

In addition to the above purchases, \$79,520 will be expended on the strengthening of bridges between Hamilton, O., and Indianapolis; between Indianapolis and Mottzuma, \$8,665; between Mottzuma and Hume, \$6,875; between Hume and Decatur, 29,125; between Decatur and Springfield \$2,740. In connection with the track elevation work at Indianapolis, \$500,000 will be spent on freighthouse development, and \$43,000 for the improvement of the Moorefield engine house.

No More Backache No More Misery

If you suffer with pains in your back and sides or have any signs of kidneys or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Johnson's Drug Store, the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Johnson's Drug Store and tell them you want your money back, they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

Here's Nature's Own Remedy For Catarrh

Hyomei Relieves Catarrh Without the Use of Dangerous Drugs.

Not until Hyomei was discovered has it been possible to truthfully say that a real remedy for catarrh was known.

Hyomei is an oil and its air is breathed through a small inhaler furnished with it for a few minutes four times a day, and during that time every particle of this Hyomei-laden air taken into the air passages and lungs is impregnated with a giving antiseptic.

Sprays and lotions often cause disorders of the respiratory tracts or bring on some other diseases and never make a permanent cure of catarrh. But when the air of Hyomei penetrates to the inmost air cells of the lungs and enters the blood with the oxygen it not only kills the germs in the throat and nose, but kills the bacilli in the blood, freeing the mucous membranes from poisonous microbes and giving perfect health.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Johnson's Drug Store has so much faith in the merit of Hyomei that they agree to return the money to any purchaser who is not thoroughly satisfied.

TO PREPARE BOYS TO USE THEIR FISTS

This is Object of Amateur Athletic Association's Boxing Tournament Tonight

TWENTY MATCHES ON BILL

(By United Press.)

Indianapolis, Ind., Nov. 26.—Preparedness of the personal variety will be the issue here tonight when the Amateur Athletic federation stages its first amateur boxing tournament. The idea is to prepare the youth of Indianapolis to use their fists if necessary.

Twenty pugnacious youths of all weights will be paired off and ten matches of three rounds each will result. There will be fly, feather, light, welter, light heavy and heavy weight matches, all by youngsters fighting under their own names. Few if any of the fighters have had experience in the squared circle.

All bouts will be under amateur rules, which call for the referee to consult with two judges before he makes his decision. In a case of a deadlock over judgement, a fourth round may be authorized.

Preparations for the tournament have attracted much attention in this town where prize fights are barred. All concerned have joined in praise of the motives of the federation which is the same that managed the swimming meets of the C. A. A. U. and which thus far has lost money on its amateur events. Should any profit result tonight, it will go toward other amateur events in the future.

LOCAL BOY IN CONTEST.

Ned Crosby of Milroy is one of the entrants in the first amateur boxing contest of the Amateur Athletic federation of Indianapolis will be held. Crosby weighed in at 115 pounds and expects to be good showing. His picture appeared in the Indianapolis News Wednesday night.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

JONES DEFENDS HIS PRIMARY LAW

Author of New Statute Attempts to Show Worth of Celebrated Section No. 10.

GIVES CONCRETE EXAMPLE

Says Opposition Could Help Nominate Weakest Candidate if the Race Was Keen.

Indianapolis, Ind., Nov. 26.—With various sections of the new primary law under judicial scrutiny and with the certainty that the state supreme court will soon pass on its constitutionality, John R. Jones of Plymouth today came out with a statement in which he defends the law, and attacks its opponents. The statement follows:

BY JOHN R. JONES.
(Written for United Press.)

Secretary Henly of the Republican state committee made the assertion to the United Press that tacking Section 10 of the primary law, "is in good faith. Why was it the action of the committee in unnecessary to make this assertion.

Although the Republican committee may "in good faith" intend to follow the case to a conclusion, it doubtless knows that to destroy Section 10, which provides the qualifications for voters at the primaries, would make the law so vulnerable that it would become the tool of bi-partisan politicians of the Lucious O. Hamilton type, and that even its friends would seek its repeal.

In counties where one party is helplessly in the minority the party would control the primary of the majority party if Section 10 were annulled.

As a concrete example: In my county (Marshall) in democratic party at the last primary had nine candidates for sheriff. The republicans had one. One vote would be sufficient to nominate the republican candidate. Knowing this, Republicans could have voted at the democratic primary and assisted in nominating the weakest democratic candidate for sheriff, if qualifications such as found in Section 10 had not been operative.

Although there is a common board, it is non partisan and the democratic and republican primaries are as separate as though they were conducted in different rooms. It would be inconsistent to say the least, to place the construction of Section 10 that a democrat has the right to challenge a voter calling for are publican ticket. It is my judgment that this section must be construed with other sections to arrive at the true spirit of the law, which is that the primaries are separate and distinct as to parties.

In this case, set out by the republican committee, Mr. Carl Mote a former progressive, fears that Horace C. Cassidy, a democrat, will challenge him when he goes to vote at the Republican primary. If a progressive wishes to vote at a Republican primary, he has a perfect right to do so, provided the republicans do not object.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

HAS SCHEME TO MAKE SOLDIERS

President Edward J. James of University of Illinois Would Pay Students \$250 a Year.

HE PUTS IT UP TO DANIELS

He Holds That Real Problem of National Defense is Necessity of More Officers.

Urbana, Ill., Nov. 26.—President Edmund J. James of the University of Illinois is back from Washington D. C., elated over the apparently interest with which Secretary of War Garrison and other national officials listened to his plan for a revision of military science courses at the university.

The scheme which President James has evolved and which Secretary of War Garrison and other national officials promises to give careful consideration, is to pay \$250 a year to every student who elects a course in military science which would amount to about \$450,000 at Illinois annually and to make five years the time in which to complete the military course combined with the course in which the student is regularly enrolled.

For instance if a student is enrolled in electrical engineering and elects to combine a military course, at the end of five years he will receive a B. S. degree in electrical engineering, a B. S. degree in military science, \$1,250 from the government and a commission as second lieutenant in the United States army at the regular salary of \$125 a month. He shall however be required to remain in the regular one year after graduation. Dr. James plan is based on the urgent need of competent officers.

"The real problem of national defense is the problem of officers," he said, "The reason for the slow progress of the allies is that Russia has few officers and England none at all. In our land grant colleges we have the fundamentals for West Point, each one of which would graduate seventy-five or more officers of second lieutenant rank each year. Secretary Garrison told me that the administration is hard pressed for funds but that this, or a similar plan, will go through later on."

TO DISCUSS NEED OF INSPECTION

Dr. J. N. Hurty Tells Southwestern Indiana Teachers That it Should be Compulsory

ANNUAL CONVENTION OPENS

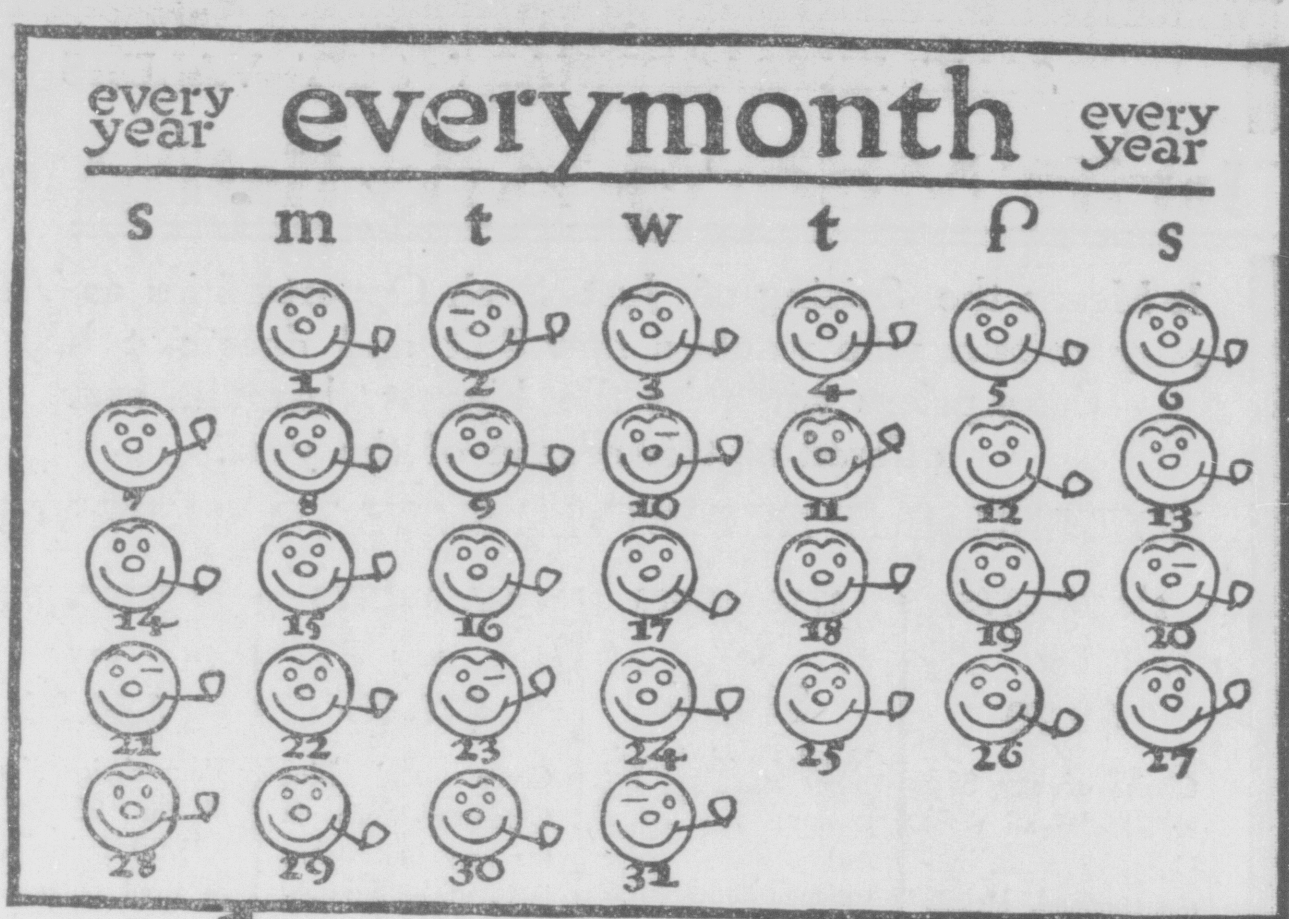

(By United Press.)

Evansville, Ind., Nov. 26.—The need of compulsory inspection of school children as described by Dr. J. N. Hurty of the state board of health was expected to be one of the interesting features of the Southwestern Indiana teachers association, which began its annual convention here today. Dr. Hurty, it is known, feels deeply in this matter.

Eighteen counties in southwestern Indiana are members of this association. From 1,500 to 1,800 teachers were expected here today.

Other speakers of note who will appear before the association are: F. G. Blair, state superintendent of the schools of Illinois; Dr. G. D. Strayer of Columbia university; William L. Bryan, president of Indiana university; O. H. Benson, of the United States agricultural department; Mrs. Albion Fellows Bacon, of Evansville, author of the Indiana housing law, Adelaide Steele Baylor director of home economics in Indiana and others.

"Owing to its mild, sweet flavor, Tuxedo is superior to all other tobaccos. I enjoy smoking it immensely and recommend it to all smokers."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

By far the most pleasant pipe-smoke in the world is Tuxedo. Think of the supreme satisfaction of being able to smoke your pipe all day, and day after day, without a particle of discomfort! You can do it with Tuxedo—because Tuxedo is made wonderfully mild and absolutely biteless by the original "Tuxedo Process."

That process is what makes Tuxedo different from any other tobacco made. Others have tried to imitate it, but never successfully.

Just try Tuxedo for a week and you'll smoke it ever after.

EVANSVILLE IS GOOD COMING BACK

Hands Wallop to Fort Wayne When Directory Shows Population to be 97,000.

PAPER FIGHT ON IN EARNEST

(By United Press.)

Indianapolis, Ind., Nov. 26.—Fort Wayne won the first round in the "paper" population contest and now Evansville comes back at her northern rival with a wallop that is convincing at least to "Pocket" enthusiasts.

Based on the estimate of a directory maker who has been working in Evansville, the "pocket" metropolis comes forth with assertion that Evansville has a population of 97,000. Evansville's population in 1910, according to the census, was 69,648—Fort Wayne's was 63,933.

Evansville's boosters were staggered but did not take the count recently when the census bureau in Washington made public the estimate that Evansville referred to "paper" population.

Vanderburg county has 13,649 school children—284 more than Allen county, according to Evansville sources, which assert that Vanderburg county has gained 310 children over last year as compared with a gain of 119 by Allen county.

"SHOP EARLY"

Indianapolis, Ind., Nov. 26.—The consumers league today officially opened its Christmas shop early campaign. It waited until after the passing of Turkey day in order to make the opening more effective. Members of the league were urged to ask for "white label" when buying ready made garments of house dresses.

The most widespread disease in the world

The most widespread disease in the world today is that dread affection of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient

form of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

STILL HOLD BERSEMUENDE

(By United Press.)
Berlin, Nov. 26.—Seventeen thousand, four hundred more Serbs were captured by the Germans, Austrians and Bulgars when they took Mitrovitz and Pristina, the war office announced today.

Ten thousand of the Serbs fell into Austrian hands at Mitrovitz at the northwestern extremity of the blackbird's plain and 7,400 were taken by the Germans and Bulgars at Pristina at its southeastern extremity.

"We are firmly holding Bersemuende," added the report, referring to a position on the Russo-German front in the Riga district against which the czar's forces have been hurling their troops.

Alumni of Church Schools Open
Convention in Chicago

(By United Press.)
Chicago, Ill., Nov. 26.—Three hundred out-of-town delegates will be entertained by 1,000 Chicago members, at the International Federation of Catholic alumni's second annual convention which opens with a convention at the Hotel Sherman this evening. The association which was formed one year ago in New York embraces the alumni of Roman Catholic high schools, academies and colleges. Mrs. John McEniry of Moline, Ill., is secretary. Miss Clara Cogan of Brooklyn, N. Y., is president.

A convention mass will be celebrated at St. Patrick's tomorrow. A luncheon will be served at the Sherman that afternoon. The alumni association of Chicago will give delegates an automobile ride Sunday afternoon, and a sacred concert will be held at the Sherman Sunday evening.

Discussion Organization

MEETINGS TWICE HELD HERE

Benjamin Null, instructor in English in the Richmond High school, has been appointed Sixth district committeeman on league organization having charge of the state high school discussion under the auspices of the Indiana university. The subject will be "Municipal Home Rule." Through the generosity of a citizen of Indiana who is much interested in the training for citizenship afforded by the contests of the State High School Discussion League a bronze medal will be given to the winner of each county contest and a \$10 gold-piece to the winner of each district contest.

The local contests to determine who shall represent the county will be held not later than March 10 and the county contests not later than April 17. The district contests will be held April 21 and the final contest to decide the state winner May 5. Twice previously the district contests have been held here.

BUSINESS MEN AT SCHOOL

Will be Given Week's Course at Uni-
versity of Wisconsin.

(By United Press.)
Madison, Wis., Nov. 26.—Business men are going to school this winter. A week's business course for Wisconsin business men will be given at the state university during the winter. Prof. A. H. Melville district representative of the extension division of the University announced today. At a meeting held in Milwaukee, last week, plans were completed for the course. The study of approved business methods and practices will be taken up. Noted speakers from all over the country will give lectures on business subjects. The date of the school's opening has not been fixed.

The Spirit of Thanksgiving

Should prevail among our people for
many reasons

- ¶ Our Land is free from the frightful havoc of war. We have Peace.
- ¶ Our State is in the very heart of a vast territory, rich in the products of the soil and blessed with the bounties of nature.
- ¶ Our County, with lands unexcelled in fertility, with a citizenship unsurpassed in character, and with evident material improvements and prosperity, has conditions necessary for ideal home life.
- ¶ Each Individual Life is enriched by cultivating a Spirit of Appreciation for the innumerable blessings we all enjoy.

GRAND JURY NOT READY TO REPORT

Was to Adjourn This Afternoon Un-
til Next Week When Final Ac-
tion Will be Taken.

SEVERAL CASES ARE PROBED

Ralph Gard Testified For Several
Hours—One Divorce Suit Heard
by Court.

The grand jury was to adjourn late this afternoon until some time next week, the exact date not having been determined at noon today. No indictments were to be returned this afternoon and if any are to be returned it will likely be done before the final adjournment next week.

After one day's rest the grand jury got off to an early start this morning. Ralph Gard, a young man living in the northwestern part of the city, was the only witness examined this morning. He was before the grand jury for a long time. Gard evaded the service of a grand jury summons for several days. Everytime the sheriff got close to his home Gard would skip out. He was finally found one day this week hiding in his own home and after reading the summons to him Deputy Sheriff Sullivan gave him a copy of the summons for good measure.

The nature of the case on which Gard testified is not known. Mrs. D. D. Dragoon acted as stenographer for the grand jury today in the absence of Miss Nancy Hogsett, who was engaged in the circuit court.

It is believed that the grand jury was investigating some of the dealings of A. P. Walker, formerly of this county. Mr. and Mrs. William Sullivan of Indianapolis appeared before the grand jury. It is known that these two people were the witnesses for Walker in his suit against the Rushville Glove Company, and who failed to put in an appearance when the case was called at Newcastle some time ago. When this particular case was called for trial Walker dismissed the suit because Mr. and Mrs. Sullivan were not there to testify.

A. B. Irvin has also been before the grand jury. The exact nature of the case under investigation is not known.

There was nothing of importance in the circuit court. Judge Sparks heard the divorce suit of Grace Casey against William C. Casey and took it under advisement.

HORSE DRIVER CONVICTED

Miss May Simpson Who Raced Here,
Fined for Stealing Chickens.

Miss May Simpson, professional horse trainer of Anderson, who drove horses in races at the Rush county fair two years in succession, has been fined one dollar and costs and sentenced to thirty days in the correctional department of the women's prison at Indianapolis. The prison sentence was suspended. Frank Miles, a boarder at the Simpson home, was convicted of complicity in the theft and was fined five dollars and costs and sentenced to the state penal farm for sixty days. It was alleged Miss Simpson stole eight chickens from a farm near Anderson.

The Haymakers will hold their annual Thanksgiving dinner at the Red Men's building this evening. The dinner will be for all Red Men and Pocahontas and their family.

Monastir, Serbia, Nov. 23.—(delayed) Serbia is starving. Men, women and children and animals fleeing before the advance of hostile armies are dying of hunger by the roadsides and mountain passes. In the large areas of this country there has been no food for many days. Packs of dogs prowl the breadless land like wolves searching for food.

CHRISTIAN REVIVAL TO CLOSE TONIGHT

Evangelist J. H. O. Smith and Sin-
ger Will go to Brookville to
Start Meeting Sunday.

76 ADDITIONS UP TO DATE

The revival which has been in progress at the Main Street Christian church for three weeks will close with the meeting tonight. There were three more additions Thursday night, which makes the total thus far seventy-six. Thirteen were baptized last night.

Although Thursday a holiday, services were held just the same last night and the crowd was reported to be up to the usual size. The last service will open tonight at seven-thirty o'clock.

The protracted meeting is numbered among the most successful ever held here. The evangelist, the Rev. J. H. O. Smith, extended the first invitation at the very opening of the meeting and there has been only one night when someone has not gone forward. The Rev. Mr. Smith and his evangelistic singer, the Rev. H. H. Saunders, will go to Brookville Saturday and will start a revival at the Christian church there Sunday.

ENCOURAGEMENT NOT EXPECTED

Women Peace Advocates Will Have
To Have More Evidence to Pro-
cure President's Aid.

HE KNOWS THE CONDITIONS

Washington, Nov. 26.—Unless the representatives of the Women's Peace party, who will call on President Wilson late today, present new evidence in their pleas for a peace conference, there is every indication they will receive no encouragement.

It is learned the president does not feel the right solution of the war problem has yet been offered. Friends of the administration close to him say that he is keeping in immediate touch with every European development, is more familiar with the situation abroad than any of those who are urging him to act at this time. It was also stated that president will not send a personal representative on Henry Ford's peace ship.

Secretary Lansing said today, however, the peace ship plan was not in any way embarrassing to this government in its foreign relations.

The election of officers of the Modern Woodmen will be held next Thursday night.

ISAAC HILL DIES AT CARTHAGE

One of Oldest Men in County, Na-
tive of Ripley Township, Ex-
pires at Age of 89 Years.

WORKED ON OLD RAILROAD

Recently Mr. and Mrs. Hill Celebra-
ted Sixtieth Wedding Anniver-
sary—Funeral Saturday.

Isaac Hill, 89 years old, a well known resident of Ripley township, died at his home in Carthage Thursday afternoon at three o'clock, after a long illness from a complication of diseases and senility. Mr. Hill had been in failing health for several years and for the past month had been in a serious condition. His death was not unexpected.

Mr. Hill was a native of Ripley township, having been born there on June 20, 1826. He was a son of the late Jesse and Mabel Hill, who were natives of North Carolina, and who came to Indiana, locating in Wayne county. In 1826 Mr. Hill's parents located in Rush county and were among the first settlers in Ripley township.

Isaac Hill spent most of his life on the farm, but when the Shelbyville and Knightstown railway was under construction he was employed as a teamster and when the railway was completed, Mr. Hill was employed as a brakeman. The railway has long since been abandoned.

He was married October 14, 1855 to Elizabeth Winslow. Mr. and Mrs. Hill recently celebrated their sixtieth wedding anniversary. For many years he engaged in the manufacturing of pumps and through this industry became known throughout the county. In this business Mr. Hill had as a partner William Bundy. Mr. Hill retired from active business many years ago and moved to Carthage where he had since lived.

He was a member of the Friends' church. In politics Mr. Hill was a Republican although he never aspired to office. At one time he was elected road superintendent and served until that office was abolished.

Mr. Hill is survived by his widow and one daughter, Mrs. W. J. Porter of Connersville. Mr. and Mrs. Hill were the parents of four children, three of whom have died. He is also survived by three grandchildren, Mrs. Clarence Cross of this city, Mrs. Herschel Hawk of Cincinnati and Jesse Vance of Los Angeles, Cal.

The funeral services will be conducted Saturday afternoon at two o'clock in the Friends' church and burial will take place in Riverside cemetery, Carthage.

BUYS LARGE LAND TRACT.

Diek Wilson, prominent race horse trainer and driver, has abandoned the track and will devote his time to raising stock. He has purchased 500 acres of land near Jackson, Miss., and will farm it. He says that the crops raised there are very similar to Rush county crops and that cattle raising is coming to be one of the principal industries.

GORITZ CAPTURED?

(By United Press.)
London, Nov. 26.—That the Italians have captured Goritz, as reported in Milan advices to the Daily Telegraph, lacked confirmation today. The city's Austrian defenses were desperately pressed at latest accounts.

For several days past its fall has been considered only a question of time.

THOUGHTS TURN TO CHRISTMAS

With Biggest Holiday of Year Only
Month Away Point to Prepa-
rations For Event.

STORES BEGIN TO SHOW GIFTS

No Demonstrations Put up Until After
Thanksgiving, But Now They
Will Put in Appearance.

Now that Thanksgiving has passed, thoughts naturally turn to Christmas, not only in the homes of Rush County people, but in the business houses as well.

A trip through the business district, a glance into the show rooms, is all that is necessary to convince one that Christmas preparations, indeed, already are well advanced.

Before Thanksgiving has passed and with a solid month before them, the merchants have decorated their stores, placed the Christmas articles upon their counters and in their show cases, and made ready. And reports from a majority of the downtown stores are to the effect that the Christmas buying already has been heavy.

Decorations so far are incomplete. Decorators have hesitated to place the great red and green color schemes in the stores until the Thanksgiving season had passed.

Stores already have placed the greater part of the Christmas merchandise on display. Clothing merchants are featuring the Christmas suits, dry goods stores are featuring articles which will be appropriate as Christmas gifts; the toys are attracting throngs of children and grown-ups, despite the fact that the time for their presentation is still a month in the future.

While Rushville merchants have prepared for the advent of the Christmas season several weeks in advance of the season's coming, nevertheless there seldom has been such an extensive preparation so much in advance. The cause is the slogan which has been adopted in the largest cities of the country and which has been followed out, to a greater or less extent in Rushville in the last few years—SHOP EARLY.

STATE DEPARTMENT REQUEST

(By United Press.)
New York, Nov. 26.—That certain evidence regarding Captain Boy-Ed, German naval attaché, will not be introduced in the trial of four Hamburg-American officials for illegally furnishing supplies to German commerce raiders, because of the attitude of the state department was hinted today.

The state department is reported to have informed United States Attorney Marshall that Boy-Ed was acting within his rights in distributing certain funds. It has been suggested to Marshall that the state department will be displeased if Boy-Ed's name is again given prominence in the trial.

NO AMERICAN CASUALTIES

(By United Press.)
Washington, Nov. 26.—In a series of attacks on American soldiers at Nogales, American soil was invaded by Villa's soldiers, American troops fired upon by 500 Villistas and an American consular office insulted yesterday, according to a dispatch to the war department from General Funston. Large reinforcements of American troops are today being rushed to Nogales.

No American casualties in the fighting were reported. The known Mexican dead were five. Villista Colonel Terrazas with thirty men crossed the boundary at Nogales, yelled at and cursed Vice-Consul Simpich, and Collector of Customs Hardy, brandishing pistols.

"Why they were not shot, I do not know," said General Funston, "unless from the suddenness of the attack and the fact no responsible officer was on the spot."

Funston said Villista Governor Randall later apologized to Colonel Sage.

THIRTEEN DEAD IN ARKANSAS STORM

Hurt Are \$300,000 Worth of
Damage Done.

HOT SPRINGS ESCAPES IT

(By United Press.)
Hot Springs, Ark., Nov. 26.—Thirteen known dead, six seriously and perhaps fatally injured and thirty to forty badly hurt was the known toll today of the tornado which swept this vicinity yesterday. It is estimated at least \$300,000 worth of property was damaged in a quarter-mile square. Hot Springs was not touched but the blow came so close it was not until late this afternoon that wire communications with outside points was established. Rescue parties were organized in Hot Springs as soon as word of the damage reached here and the expeditions worked throughout the night in a terrific rain.

All members of two families by name of Crowder and Tanner were either killed or injured, when their homes were demolished. Great apprehension was felt here today for the safety of towns near Hot Springs.

(By United Press.)
Washington, Nov. 26.—Signed statements from officials high up in government circles of both the allies and central powers declaring that they are ready for peace, are in the hands of Henry Ford, Detroit financier and pacifist, he announced this afternoon.

"Folks who say our plan is foolhardy have the greatest surprise of their lives," said Ford. "There is both material and other evidence that we will succeed in getting the men out of the trenches by Christmas. This has become our slogan and I can say most seriously that it is not an empty boast."

Arriving here from New York, Ford said he plans to telegraph every university in the country asking the presidents and students to enlist in the peace movement.

(By United Press.)
Nogales, Ari., Nov. 26.—Many Mexican soldiers were killed when members of the Twelfth United States infantry returned their fire here today.

There were no wounded on the American side. The Villista soldiers were intoxicated. They started firing across the borders into Arizona. The United States troops returned the fire, killing many and clearing the streets.

The shooting was incidental to the evacuation by Villista troops of Nogales, Sonora.

THE MOST DISTRESSING SIGHT IN THE WORLD

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to see someone trying to get along without A GOOD STORM BUGGY. If you knew how warm one of my storm buggies would keep you, how well they are made, now nice they look, and what a general comfort they would be to the whole family, you certainly would own one before the end of the week. I have used special pains to obtain a line of storm buggies that have all the little things that make them desirable, quality and style together with a comfortably designed cushion and back, easy riding springs, fine finish and the best of material throughout, are some of the essential things found on them and you are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you the detail construction of these buggies at any time. The construction of a STORM BUGGY makes lots of difference in the draft and I will explain to you why these buggies are lighter draft than others. It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't. Now is the time to get ready for winter, SO DO IT NOW.

Uric Acid Poison Undermines Health

Rheuma Drives it From the System and Eliminates Rheumatism.

Ever since Rheuma has been sold in this vicinity, the sale of this marvelous rheumatism remedy has been steadily on the increase. This is due to the fact that Rheuma is guaranteed to eliminate rheumatism or money back. It cleanses the system of uric acid poison.

Read this proof: "After treatment by three doctors, without result, I have been cured of a very bad case of rheumatism by using two bottles of Rheuma. It is now two years since I used the remedy, and I am still as well as ever. Previously I was a cripple, walking with crutches."—Judge John Barthorst, Fort Loramie, Ohio.

Rheuma is sold by Johnson's Drug Store and all druggists at 50 cents. Get the genuine—in liquid form for internal use only. (Advertisement.)

MERCHANT IS PLEASED WITH QUICK RESULT

Cincinnati Business Man Praises Merit of Tanlac.

Cincinnati, O., Nov. 25.—Charles C. Becker, a well-known clothing merchant of 17 East Sixth street, who lives at 2863 Winslow avenue, who is known to his friends and business associates as a man of unquestioned honesty and integrity, was among several Cincinnatians to endorse Tanlac, the "Master Medicine," that is accomplishing such excellent results here. Mr. Becker said:

"It gives me great pleasure to recommend Tanlac, as I have found it quite beneficial in my case. I used the medicine for rheumatism and stomach trouble. It helped me as no other medicine ever did."

L. T. Cooper, the Tanlac man, who is introducing Tanlac in this city, said:

"Tanlac is especially valuable in catarrhal affections of the mucous membranes, which I consider the foundation of most ailments and diseases."

Tanlac, the Master Medicine, is now sold in Rushville at F. E. Wolcott's Drug Store.

Amusements

The Princess will show a three reel drama "The Man Servant" for the program tonight. Jack Henderson is featured and it is said to be an unusual modern drama. A young millionaire attempts to study life from the servant's standpoint and obtains a position as a valet. It is an interesting story dealing with an interesting and novel subject. Tomorrow night the two act drama "The Rehearsals" will be shown. Vera Sisson and Madge Kirby are featured.

The Gem offers a three reel feature, "Her Three Mothers" for the program tonight. Agnes Vernon is featured and the picture tells a pathetic story of a girl who is made a drudge by her step-mother, but who finally leaves home and by the terms of an uncle's will comes into a fortune and final happiness. Tomorrow night the four reel feature "The Wolf of Debt" will be shown. Violet Mesereau and William Garwood are featured.

When the Oriental danse artiste, Ruth St. Denis, appears at the Murat theater, Indianapolis, for three days' engagement, including a popular Wednesday matinee, starting Monday night, Nov. 29th, bringing with her practically an entire new company of solo dancers, Grecian ensemble and native Hindoo assistants, she will present a complete new repertoire of dance plays and diversions, including Oriental classic and the latest modern dances created by her and her dancing

partner, Ted Shawn, who is again featured with her and her productions. Some of the most important of the new dance productions this season are "The Nature Series," a group of beautiful classic dances produced before a white cyclorama adopted from the stage creations of portiana, by which the scenic effects are produced with the wari-colored lights thrown upon a pure white background. Another series of dances are the South Sea Island numbers, including the Samoan dances, the Sea Spirit, the Hawaiian Hesitation and the Houla Ballet.

Miss St. Denis has for her "piece de resistance," a new Oriental dance production, "The Garden of Kama," arranged from the Indian lyrics of Lawrence Hope's poems. This production requires the service of the entire company, in which are introduced the Natch Dancing Girls of India, native musicians and fakirs. This production is staged with complete special scenery and gorgeous costuming of kaleidoscopic coloring found only East of the Suez.

An important feature of the program is the series of modern dances, all of which are original creations of Miss St. Denis and Mr. Shawn. They include the Sea Gull Waltz, The Shawn Step, The Tokio Trot, The Canton Canter, The Base Ball Dance, The St. Denis Mazurka, Le Rouli Rouli, The Balancello and

others. Seats for these attractions can be purchased through the Shubert-Murat local representative, Hargrove & Mallin, druggists.

One Means That's Certain

There's one means that is sure to prevent the United States being made a dumping ground for European products—a protective tariff. This slogan was brought out effectively in a recent speech in New York by William S. Bennett, elected congressman last election by a majority of 700 in a New York district that formerly gave the Democratic candidate a majority of 6,000 in a straight anti-Wilson and anti-administration fight.

Mr. Bennett pointed to the efficiency of European military organization, and warned his hearers that once that efficiency is directed toward manufacturing articles to compete in our markets, it would not be possible to keep open our factories with the wage difference that now exists. He called attention to the fact that a commission from France has just arrived in New York to purchase from the United States

machinery costing nearly two hundred million dollars. This machinery will be of the most modern type, and as soon as the war is over to manufacture goods in competition with our home manufacturers.
Mr. Bennett referred to the wonderful ability shown by some of the countries now at war to supply their own needs under the most difficult circumstances and said that just as soon as the war ends the same ingenuity will be directed toward supplying the needs of consumers in the United States.

"Democratic orators used to tell us that a Democratic tariff would not disturb business; but it did," said Mr. Bennett. "The war regrettable as it is, was the salvation of American industry. Even with imports greatly impeded by the war, our manufacturing industries were so seriously interfered with in this city last winter that 400,000 people were out of work. The election was in part a protest against unemployment."

"But it will be said that conditions are improving. Of course, the war is a pro tempore protective tariff of a makeshift kind, and in addition we have this new trade in munitions of war. Whatever may be our opinion of its ethics we cannot deny that it is bringing money into this country. But when the war ceases and we lose instantly both our substitute for an adequate tariff and our munitions trade, what then?"

"Nor is this all. The manufacturing enterprises of Europe generally have not been destroyed. They have been curtailed, suspended, changed and largely brought under governmental control, which will mean such regulation that foreign markets can be invaded successfully. Ten million men will leave the trenches when this war closes. Will they be turned loose to be slowly absorbed without plan or provisions into industry? By no means. No government would dare try such an experiment."

"On the contrary, each government will, in the beginning at least, assign these soldier-workmen to industrial tasks. Wages? These men are soldiers! The governments control the industries. Until industries are reestablished the men and their families will continue to be supported as they are now being supported. We shall face, therefore, not the product of European cheap labor, and our country, unscathed by war, is the market to which their goods must come. Against the wholesale dumping on our market of this flood of the most cheaply-produced foreign goods ever made, we must have protection or the employees of our own competing factories will walk the streets."

"I am for preparedness, but even more than preparedness for war, we need preparedness for peace. That preparedness we can attain only through a protective tariff and, scientifically, only through a tariff commission. I propose, at once, to advocate both."

MORE WORRIES FOR GRAY.

(Richmond Palladium.)
Troubles are piling up fast for Congressman Gray. Not so long ago he was unalterably opposed to increased appropriations for the army and navy. But public opinion in the Sixth district forced a reversal of judgment on that point, and now he is upholding President Wilson's policy of preparedness.

Then came the motorization of the rural routes in Wayne county, and the consequent ousting of all Republican carriers to give place to Democrats—a step that aroused protest throughout the county. The execution of the order has been delayed several times, the last word being that it would not go into effect until after the Christmas rush. Gray has been blamed for the motorization order.

Then came a poll by a Chicago newspaper in which every senator and representative was asked point blank if he favored Wilson's attitude toward Germany and toward the Allies in the recent diplomatic tangles. Gray refused to commit himself and his vote was so recorded.

Then a voters' league investigated how congressmen voted on gag rules in the House, and showed where Gray stood.

Now comes Mrs. N. C. Barnard, chairman of the Sixth District

man's Franchise League, with the announcement that she will camp on Gray's trail until he supports the bill giving woman the right to vote, by an amendment to the federal constitution.

Verily, the path of a congressman is beset with thorns and strewn with glass and tacks.

HOOSIER HISTORY

Prepared for the United Press by the Centennial department of the Indiana Historical Commission.

EARLY ENLISTMENTS

Governor Morton's trouble in the early weeks of the war was not in getting men to enlist but in getting his regiments accepted by the federal government. With clean vision, Morton saw what the war would mean—that the first call for troops was altogether inadequate. Accordingly, in spite of the fact that Indiana's quota was four regiments, Morton organized many more and kept urging them, unsuccessfully, upon the government. But after Bull Run he had no further trouble. By the first of 1862, Indiana had contributed 48 regiments of infantry 12 of cavalry and 17 batteries—in all 53,035 men.

TO APPLY COURSES TO EVERYDAY LIFE

Science And Mathematics Teachers Will Discuss This Subject at Convention

ORGANIZATION IS NEEDED

(By United Press.)
Chicago, Nov. 26.—Suggestion of making courses in science and mathematics of more direct benefit in real life, was the principal topic at today's opening session of the 15th annual convention of the Central Association of Science and Mathematics Teachers.

"This meeting," said H. E. Cobb of Lewis Institute, Chicago, "emphasizes the importance of organizing courses in science and economic value to pupils, making the work of the school part of the real life of the child and making more definite and more numerous points of contact between the home life and the school life of the pupil. By establishing two new sections, agricultural and home economics, the association recognizes the necessity of introducing vocational courses and the application of vocational guidance."

FIGHTS DISEASE IN CHINESE EMPIRE

Rupert H. Stanley, Former Carthage Boy, Sends Circulars Describing Battle in Orient.

IS SECRETARY OF Y. M. C. A.

Rupert H. Stanley, a Carthage boy, who recently was the Secretary of the Y. M. C. A. of Tientsin, China, sends a few circulars on the ravages of tuberculosis in China, and the methods used in giving out information for the prevention of the disease, says the Carthage Citizen. He also includes Chinese charts, with a typewritten translation of same, by M. S. Chen, Tientsin.

The circulars have illustrated borders and eighty thousand of these were distributed in Tientsin homes by school boys. In China more than a million people annually become tuberculosis victims.

Mr. and Mrs. Stanley and little son, Rupert, McCorkle Stanley, left Tientsin over 2 months ago for residence in Kai Feng Fu, Honan Province, China, where Mr. Stanley is now Secretary of the Y. M. C. A. at that place. Mr. and Mrs. Stanley left Carthage on October 31, 1912, for a five years' stay in China.

BANKERS PLAN NEW STANDARD

American Manufacturers Would Save Much Money by Making The Dollar Universal

THE VALUE OF POUND VARIES

Would Have Tendency to Stabilize The Market—Expert Explains

(U. P. Staff Correspondent.)

New York, Nov. 24.—How a great deal of money will be saved to American manufacturers if victory crowns the newly begun battle of American bankers to make the American dollar, instead of the British pound sterling, the financial standard for world trade, was explained to the United Press today by Max May, foreign exchange expert and vice-president of the Guaranty Trust company.

Since time out of mind the pound sterling has been the world's exchange market standard. This was because Great Britain was considered a financial Gibraltar. Britain's varying war fortunes have unsettled the pound sterling, however, and it has been wobbling up and down in value almost every day. In other words, a pound's worth of American goods today may not be a pound's worth of American goods tomorrow.

If the exchange market were stable," said Mr. May, "American exporters would be able to protect themselves by knowing what prices to quote on their products."

"As it is, if a cotton man in the south sells a million dollars worth of his product to an English firm, on 90 days' credit, he quotes a price based on the prevailing exchange rate. If the exchange rate has slumped by the time he ships his goods, the cotton man loses money. The seller takes a big gambling chance. The buyer does not. If payment were based on American dollars that would not occur. We are trying to make all foreign buyers, governments included, pay in American dollars."

"Plans now being formulated by American bankers to stabilize foreign exchange may accomplish this result," said he. "The huge volume of exports are working toward that end also. The scheme under consideration should make it a fact. 'Naturally, foreign buyers are not anxious to do this. Sterling has been the financial criterion in world trade for so many years it is a hard task to get them to consider it."

"Payment in dollars for exported goods from this country would stabilize the exchange market and that, I think every banker will agree, is the most important question to be settled in international banking affairs today."

"Sterling would better be around \$4.65, or some nominal figure like that, at all times, than to be constantly fluctuating as it has been doing these last few months."

"In brief," concluded the exchange expert, "American exporters want the foreign buyers to assume the risk that American exporters now have to assume."

IDA DIXON

an Eastern team went through the season with a clean record. Starting with the Yale defeat by Virginia on October 2, the season was one long-drawn out and of unexpected upsets.

W. and J. followed the Southerners and took a slap at the Blue. Then came Colgate with the same tale, and lastly little Brown, which had been licked by Syracuse and tied by Trinity, took a parting kick at the bewildered Bulldog.

Cornell loped into Cambridge and went out with the scalp of Percy Houghton—the first time a Harvard team had been defeated in three years, Princeton, with the best Tiger eleven of a decade, was defeated four times by the Yale aggregation.

Th Army and Navy passed into the second division of football institutions by being licked by numerous small colleges. Lafayette came along and whipped Pennsylvania.

Out in the west, old Fielding H. Yost has completed the most disastrous year of his long connection with the Wolverine institution. Michigan's Aggies, Syracuse, Cornell—all took a whack at the heretofore feared Yost machine.

In view of these events, football fanatics from Coast to Coast are waiting for the annual pun—an All-American eleven—with more than usual curiosity. The Michigan Aggies defeated Michigan. The Aggies were in turn licked by the Oregon Aggies, and they in their turn were whipped by Washington State.

Just how the experts, and particularly Walter Yale Camp, are going to select an eleven which represents America, is pretty hard to see. One man, or a dozen men, could not in a season view all the college teams in these United States. Washington State, the Oregon Aggies and the Michigan Aggies certainly are to be considered.

The year has been the most weird in history. It's possible to pick an all-Eastern team, an All-Conference team in the middle west, and an all-Western team for the coast contenders, but an all-American team is not only impossible but ludicrous. And this year wouldn't be a bad one to witness the burial of this annual joke.

RUSHVILLE WINS BIG HOLIDAY GAME

Team From Gwynneville Proves Little Opposition and Locals Run up Score of 32 to 6.

MARION CLUB HERE SUNDAY

Rushville defeated a team composed of players from Gwynneville, Morristown and New Palestine yesterday afternoon by a score of 32 to 6. The Gwynneville team played good ball the first half of contest, but weakened in the final periods. The visitors were the first to score. Early in the first period Gwynneville succeeded in blocking a punt and recovering the ball on Rushville's five yard line. A forward pass then gave them a touchdown.

Rushville scored in second period and the first half ended 6 to 6. A series of passes and an intercepted pass by Mattox gave the locals a touchdown early in the third quarter and then Rushville had everything its own way. Rushville played a large number of subs in the last half in order to save the regulars for the big game Sunday with the Marion club. The game yesterday was slowed considerably by the tedious formations used by Gwynneville.

CARTHAGE HIGH WINS AGAIN

Defeats Hagerstown Making Fifth Victory This Season.

The Carthage high school basketball team, known as the Tigers, defeated the Hagerstown high school quintet at Carthage Wednesday night, 29 to 28. The game was a thriller all the way through, on a number of occasions the score being tied. The game had to be stopped on account of roughness. Dyer, the Carthage captain, was out of the game on account of sickness. Carthage used two substitutes, one in each half. The first half ended 13 to 10 in favor of Hagerstown, indicating how Carthage came from behind and won in the last half. Carthage had a game with Liberty tonight but the latter cancelled. Carthage has won five games this season and lost one.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithine, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the blood so that no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia water drink. And boys, you can make a mistake by taking a little occasionally to keep your kidneys clean and active.

Small Colleges Turned on Big Ones
With Vengeance That Makes Well Known Worm Look Cheap.

TIME TO BURY ANNUAL JOKE

All-American Team Would Not Only be Impossible But Ludicrous—
All Dope Upsat.

(By United Press.)
New York, 26.—The football season of 1915, which was officially entered this week, will go down in gridiron history as the most weird ever foisted on a gasping public. Small colleges, from time immemorial and lawful meat of the Big Ones in the collegiate world, turned with a vengeance that makes the well known worm look like the Rock of Gibraltar.

With the exception of Cornell and Pittsburgh, by now acknowledged as the only Eastern power, the rest of the Eastern team, an All-Conference team in the middle west, and an all-Western team for the coast contenders, but an all-American team is not only impossible but ludicrous. And this year wouldn't be a bad one to witness the burial of this annual joke.

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSING, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TO SPEND BIG SUM FOR EQUIPMENT

C. I. & W. Will Also Take Over Local Division of the C. H. & D. and Operate it as Independent Road.

BOND ISSUE OF \$3,500,000

This Sum Will Supply New Equipment, Old Bond Issue of \$8,000,000 Having Been Retired.

Cincinnati, Indianapolis & Western railroad will spend more than \$2,000,000 for equipment and repairs according to an announcement made by B. A. Worthington, president of the road, who has just established his headquarters in Indianapolis. The company will shortly take over and operate the local division of the Cincinnati, Hamilton & Dayton as an independent road.

About \$3,500,000 in bonds has been issued by the new company in the reorganization plans which followed the receivership action and the sale of the road by the federal court. The money for the new equipment will be supplied by this bond issue. This will be the only bonded indebtedness of the company, as the old issue, amounting to nearly \$8,000,000, was retired by the reorganization committee.

The proposed new equipment includes locomotives and freight and passenger cars. New bridges also will be built. The operation of the road under the new head is expected to begin about December 1. The list of equipment announced by President Worthington follows:

Eight Mikado engines, ten consolidation through freight engines, eight switch engines, six large passenger engines, five small passenger engines and ten local freight engines; freight cars—fifty stock cars, 200 gondolas, fifty hopper cars eight flatcars, 350 boxcars and twenty cabooses; passenger cars—thirty steel postal cars, nine steel baggage cars, fifteen steel coaches, one steel dining car, one cafe car, one business car and one motor car; new wrecking crane and new American ditcher.

In addition to the above purchases, \$79,520 will be expended on the strengthening of bridges between Hamilton, O., and Indianapolis; between Indianapolis and Montezuma, \$8,065; between Montezuma and Hume, \$6,875; between Hume and Decatur, \$29,125; between Decatur and Springfield \$2,740. In connection with the track elevation work at Indianapolis, \$500,000 will be spent on freighthouse development, and \$43,000 for the improvement of the Moorefield engine house.

No More Backache No More Misery

If you suffer with pains in your back and sides or have any signs of kidneys or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Johnson's Drug Store, the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Johnson's Drug Store and tell them you want your money back, they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

Here's Nature's Own Remedy For Catarrh

Hyomei Relieves Catarrh Without the Use of Dangerous Drugs.

Not until Hyomei was discovered has it been possible to truthfully say that a real remedy for catarrh was known.

Hyomei is an oil and its air is breathed through a small inhaler furnished with it for a few minutes four times a day, and during that time every particle of this Hyomei-laden air taken into the air passages and lungs is impregnated with a giving antiseptic.

Sprays and lotions often cause disorders of the respiratory tracts or bring on some other diseases and never make a permanent cure of catarrh. But when the air of Hyomei penetrates to the inmost air cells of the lungs and enters the blood with the oxygen it not only kills the germs in the throat and nose, but kills the bacilli in the blood, freeing the mucous membranes from poisonous microbes and giving perfect health.

A complete outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment.

Johnson's Drug Store has so much faith in the merit of Hyomei that they agree to return the money to any purchaser who is not thoroughly satisfied.

TO PREPARE BOYS TO USE THEIR FISTS

This is Object of Amateur Athletic Association's Boxing Tournament Tonight

TWENTY MATCHES ON BILL

(By United Press.)

Indianapolis, Ind., Nov. 26.—Preparedness of the personal variety will be the issue here tonight when the Amateur Athletic federation stages its first amateur boxing tournament. The idea is to prepare the youth of Indianapolis to use their fists if necessary.

Twenty pugnacious youths of all weights will be paired off and ten matches of three rounds each will result. There will be fly, feather, light, welter, light heavy and heavy weight matches, all by youngsters fighting under their own names. Few if any of the fighters have had experience in the squared circle.

All bouts will be under amateur rules, which call for the referee to consult with two judges before he makes his decision. In a case of a deadlock over judgement, a fourth round may be authorized.

Preparations for the tournament have attracted much attention in this town where prize fights are barred. All concerned have joined in praise of the motives of the federation which is the same that managed the swimming meets of the C. A. A. U. and which thus far has lost money on its amateur events. Should any profit result tonight, it will go toward other amateur events in the future.

LOCAL BOY IN CONTEST.

Ned Crosby of Milroy is one of the entrants in the first amateur boxing contest of the Amateur Athletic federation of Indianapolis will be held. Crosby weighed in at 115 pounds and expects to be good showing. His picture appeared in the Indianapolis News Wednesday night.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head; soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

JONES DEFENDS HIS PRIMARY LAW

Author of New Statute Attempts to Show Worth of Celebrated Section No. 10.

GIVES CONCRETE EXAMPLE

Says Opposition Could Help Nominate Weakest Candidate if the Race Was Keen.

Indianapolis, Ind., Nov. 26.—With various sections of the new primary law under judicial scrutiny and with the certainty that the state supreme court will soon pass on its constitutionality, John R. Jones of Plymouth today came out with a statement in which he defends the law, and attacks its opponents. The statement follows:

BY JOHN R. JONES.
(Written for United Press.)

Secretary Henly of the Republican state committee made the assertion to the United Press that tacking Section 10 of the primary law, "is in good faith. 'Why was it the action of the committee in unnecessary to make this assertion.

Although the Republican committee may "in good faith" intend to follow the case to a conclusion, it doubtless knows that to destroy Section 10, which provides the qualifications for voters at the primaries, would make the law so vulnerable that it would become the tool of bi-partisan politicians of the Lucious O. Hamilton type, and that even its friends would seek its repeal.

In counties where one party is helplessly in the minority the party would control the primary of the majority party if Section 10 were annulled.

As a concrete example: In my county (Marshall) in democratic party at the last primary had nine candidates for sheriff. The republicans had one. One vote would be sufficient to nominate the republican candidate. Knowing this, Republicans could have voted at the democratic primary and assisted in nominating the weakest democratic candidate for sheriff, if qualifications such as found in Section 10 had not been operative.

Although there is a common board, it is non partisan and the democratic and republican primaries are as separate as though they were conducted in different rooms. It would be inconsistent to say the least, to place the construction of Section 10 that a democrat has the right to challenge a voter calling for are publican ticket. It is my judgment that this section must be construed with other sections to arrive at the true spirit of the law, which is that the primaries are separate and distinct as to parties.

In this case, set out by the republican committee, Mr. Carl Mote a former progressive, fears that Horace C. Cassidy, a democrat, will challenge him when he goes to vote at the Republican primary. If a progressive wishes to vote at a Republican primary, he has a perfect right to do so, provided the republicans do not object.

AMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A plenty fact will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe, instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull listless, "no good" feeling, constipation, torpid liver, bad disposition or simply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10 cents per box. All druggists.

BIRTHS BY TWILIGHT SLEEP TOTAL 5,000

Mary Thompson Hospital at Chicago Has Record For Fifty Years That Causes Boast

OTHER METHODS RELEGATED

(By United Press.)
Chicago, Ill., Nov. 26.—Five thousand births by twilight sleep, is the proud boast of officials at the Mary Thompson hospital which recently celebrated its fiftieth anniversary. Mary hospital is said to be the only institution on the Northwest or west, in which the twilight sleep is the official anaesthesia.

Dr. Bertha Van Hoosen has officiated at all the 5,000 births. She declared births in which the twilight sleep process is not used are relics of the old ages. She, and members of her staff believe non-employment of twilight sleep just about as bad as reverting to the oldest form of aiding in bringing children into the world.

During the fiftieth anniversary celebration, Dr. Lillian Taylor demonstrated the use of twilight sleep drug in operations in which nine pairs of tonsils were removed in an hour. Another demonstration was that of a woman, who had borne a healthy kicking baby and had a goiter removed from her neck before she came out of the twilight sleep.

Weak, Sore Lungs

Restored to Health by Vinol.

Camden, N. J.—"I had a deep seated cough, was run-down, and my lungs were weak and sore. I had tried everything suggested without help. One evening I read about Vinol and decided to try it. Soon I noticed an improvement. I kept on taking it and today I am a well man. The soreness is all gone from my lungs, I do not have any cough and have gained fifteen pounds."—Frank Hillman.

HAS SCHEME TO MAKE SOLDIERS

President Edward J. James of University of Illinois Would Pay Students \$250 a Year.

HE PUTS IT UP TO DANIELS

He Holds That Real Problem of National Defense is Necessity of More Officers.

Urbana, Ill., Nov. 26.—President Edmund J. James of the University of Illinois is back from Washington D. C., elated over the apparently interest with which Secretary of Wararrison and other national officials listened to his plan for a revision of military science courses at the university.

The scheme which President James has evolved and which Secretary of War Garrison promises to give careful consideration, is to pay \$250 a year to every student who elects a course in military science which would amount to about \$450,000 at Illinois annually and to make five years the time in which to complete the military course combined with the course in which the student is regularly enrolled.

For instance if a student is enrolled in electrical engineering and elects to combine a military course, at the end of five years he will receive a B. S. degree in electrical engineering, a B. S. degree in military science, \$1,250 from the government and a commission as second lieutenant in the United States army at the regular salary of \$125 a month. He shall however be required to remain in the regular one year after graduation. Dr. James plan is based on the urgent need of competent officers.

"The real problem of national defense is the problem of officers," he said, "The reason for the slow progress of the allies is that Russia has few officers and England none at all. In our land grant colleges we have the fundamentals for West Point, each one of which would graduate seventy-five or more officers of second lieutenant rank each year. Secretary Garrison told me that the administration is hard pressed for funds but that this, or a similar plan, will go through later on."

TO DISCUSS NEED OF INSPECTION

Dr. J. N. Hurty Tells Southwestern Indiana Teachers That It Should be Compulsory

ANNUAL CONVENTION OPENS

(By United Press.)
Evansville, Ind., Nov. 26.—The need of compulsory inspection of school children as described by Dr. J. N. Hurty of the state board of health was expected to be one of the interesting features of the Southwestern Indiana teachers association, which began its annual convention here today. Dr. Hurty, it is known, feels deeply in this matter.

Eighteen counties in southwestern Indiana are members of this association. From 1,500 to 1,800 teachers were expected here today.

Other speakers of note who will appear before the association are: F. G. Blair, state superintendent of the schools of Illinois; Dr. G. D. Strayer of Columbia university; William L. Bryan, president of Indiana university; O. H. Benson, of the United States agricultural department; Mrs. Alphonse Bagon, of Evansville, author of the Indiana housing law; Adelaide Steele Baylor, director of home economics in Indiana and others.

happy days!

"Tux" is the happy smoke. It just packs the smoker's calendar so plumb full of fragrant delight that a gloomy day can't crowd itself in edgewise. That mild, soothing taste of "Tux" has introduced many a man to the joy of pipe-smoking and a regular unending procession of happy days.

MARCUS J. WRIGHT

Ex-Confederate General

"Owing to its mild, sweet flavor, Tuxedo is superior to all other tobaccos. I enjoy smoking it immensely and recommend it to all smokers."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

By far the most pleasant pipe-smoke in the world is Tuxedo. Think of the supreme satisfaction of being able to smoke your pipe all day, and day after day, without a particle of discomfort! You can do it with Tuxedo—because Tuxedo is made wonderfully mild and absolutely biteless by the original "Tuxedo Process."

That process is what makes Tuxedo different from any other tobacco made. Others have tried to imitate it, but never successfully.

Just try Tuxedo for a week and you'll smoke it ever after.

EVANSVILLE IS GOOD COMING BACK

Hands Wallop to Fort Wayne When Directory Shows Population to be 97,000.

PAPER FIGHT ON IN EARNEST

(By United Press.)
Indianapolis, Ind., Nov. 26.—Fort Wayne won the first round in the "paper" population contest and now Evansville comes back at her northern rival with a wallop that is convincing at least to "Pocket" enthusiasts.

Based on the estimate of a directory maker who has been working in Evansville, the "pocket" metropolis comes forth with assertion that Evansville has a population of 97,000. Evansville's population in 1910, according to the census, was 69,648—Fort Wayne's was 63,933.

Evansville's boosters were staggered but did not take the count recently when the census bureau in Washington made public the estimate that Evansville referred to "paper" population.

Vanderburg county has 13,640 school children—284 more than Allen county, according to Evansville sources, which assert that Vanderburg county has gained 310 children over last year as compared with a gain of 119 by Allen county.

"SHOP EARLY"

Indianapolis, Ind., Nov. 26.—The consumers league today officially opened its Christmas shop early campaign. It waited until after the passing of Turkey day in order to make the opening more effective. Members of the league were urged to ask for "white label" when buying ready-made garments of house dresses.

The most widespread disease in the world

The most widespread disease in the world today is that dread affliction of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient

form of Seneco Tooth Paste. Seneco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Seneco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Seneco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Seneco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

CATHOLICS IN CONVENTION

Alumni of Church Schools Open Convention in Chicago

(By United Press.) Chicago, Ill., Nov. 26.—Three hundred out-of-town delegates will be entertained by 1,000 Chicago members, at the International Federation of Catholic alumni's second annual convention which opens with a convention at the Hotel Sherman this evening. The association which was formed one year ago in New York embraces the alumni of Roman Catholic high schools, academies and colleges. Mrs. John McEniry of Moline, Ill., is secretary. Miss Clara Cogan of Brooklyn, N. Y., is president.

A convention mass will be celebrated at St. Patrick's tomorrow. A luncheon will be served at the Sherman that afternoon. The alumni association of Chicago will give delegates an automobile ride Sunday afternoon, and a sacred concert will be held at the Sherman Sunday evening.

RICHMOND MAN HEADS LEAGUE

Benjamin Null is Appointed Committeeman of This District in Discussion Organization

MEETINGS TWICE HELD HERE

Benjamin Null, instructor in English in the Richmond High school, has been appointed Sixth district committeeman on league organization having charge of the state high school discussion under the auspices of the Indiana university. The subject will be "Municipal Home Rule."

Through the generosity of a citizen of Indiana who is much interested in the training for citizenship afforded by the contests of the State High School Discussion League a bronze medal will be given to the winner of each county contest and a \$10 gold piece to the winner of each district contest.

The local contests to determine who shall represent the county will be held not later than March 10 and the county contests not later than April 17. The district contests will be held April 21 and the final contest to decide the state winner May 6. Twice previously the district contests have been held here.

BUSINESS MEN AT SCHOOL

Will be Given Week's Course at University of Wisconsin.

(By United Press.) Madison, Wis., Nov. 26.—Business men are going to school this winter. A week's business course for Wisconsin business men will be given at the state university during the winter. Prof. A. H. Melville district representative of the extension division of the University announced today.

At a meeting held in Milwaukee, last week, plans were completed for the course. The study of approved business methods and practices will be taken up. Noted speakers from all over the country will give lectures on business subjects. The date of the school's opening has not been fixed.

SERBS NUMBERING 17,400 CAPTURED

Fall of Mitrovitz and Pristina Marks Taking of Large Body of Enemy by Austro-Germans

STILL HOLD BERSEMUENDE

(By United Press.) Berlin, Nov. 26.—Seventeen thousand, four hundred more Serbs were captured by the Germans, Austrians and Bulgars when they took Mitrovitz and Pristina, the war office announced today.

Ten thousand of the Serbs fell into Austrian hands at Mitrovitz at the northwestern extremity of the blackbird's plain and 7,400 were taken by the Germans and Bulgars at Pristina at its southeastern extremity.

"We are firmly holding Bersemuende," added the report, referring to a position on the Russo-German front in the Riga district against which the czar's forces have been hurling their troops.
